

ON THE ROAD TO ZERO WASTE RECOGNITION

ON THE ROAD TO ZERO WASTE recognition status acknowledges that a facility has the core structures in place that will enable it to work towards Zero Waste and ZERO WASTE CERTIFICATION. By meeting the recognition criteria facilities are able to demonstrate their acknowledgement of the challenge, and their commitment towards addressing it on-site.

This form of recognition has been designed to open the door to all facilities seeking to work in the direction of Zero Waste. This form of recognition does not indicate the achievement of any form of ZERO WASTE CERTIFICATION.

RECOGNITION CRITERIA

Facilities seeking ON THE ROAD TO ZERO WASTE recognition must demonstrate their having met the following criteria.

- **RECOGNITION CRITERIA 1. DEFINITION & HIERARCHY**
